

An Important Message from the Rome GA Social Security Administration District Office

We're writing to encourage use of our online services by employers and their employees. Social Security has a very extensive website at www.socialsecurity.gov that explains everything from how to apply for a Social Security number, becoming insured under Social Security, planning for retirement, and filing applications for both retirement and disability.

If you have a website for your employees, please consider adding a link to the Social Security website. For linking go to: <http://www.socialsecurity.gov/linking/>

Visit our Human Resource Managers page at <http://www.socialsecurity.gov/hrm/>. On this page you may download a free copy of our Online Retirement Planner CD, use benefit calculators, find answers on "other things to consider" and subjects related to retirement and disability. You may also order additional information for you to assist those you serve.

The retirement benefits calculator, can help when an employee is thinking of reducing their wages prior to retiring, or calculating if an employee is subject to the Windfall Elimination Provision and needs a better estimate of how this will affect their Social Security benefits: <http://www.ssa.gov/planners/calculators.htm>

We also have Online Business Services, directed towards Human Resources and Payroll Departments. You can verify names and Social Security numbers of your employees to avoid problems when the names and numbers used don't match government records at: <http://www.ssa.gov/employer/ssnv.htm>

You can also submit W-2s online at:
<http://www.socialsecurity.gov/employer/how.htm>

For those who prefer not to use links received in an e-mail, you may type in www.socialsecurity.gov at the URL box on your computer, click on the "Employers" link in the right column and then navigate to the links of interest. Your employees can find the retirement links of interest to them from the left column of our homepage.

Should you have any questions or need further assistance please contact us at (706) 291-5660.

Rome, GA Social Security Administration
