Dalton-Whitfield County
Business Rapid Response Team

Development Checklist

Attached is a guidance document regarding the review and approval of development plans. It is the responsibility of the developer and/or engineer to obtain the most current criteria required for development projects, as development requirements are updated regularly. Relevant documents include the Dalton-Whitfield Development Regulations, Landscaping Ordinance, Sign Ordinance, and Zoning Ordinance. This material is available on the Whitfield County Government website, http://www.whitfieldcountyga.com/ and can also be obtained in hard copy from the Whitfield County Planning & Development Department, located at 301 West Crawford Street, Dalton, Georgia. You may also find this information on the website of each participating organization.

If you have any questions or need assistance, please call Andrew Carnes, at the Dalton-Whitfield County Joint Development Authority (www.locationdalton.com) at 706.278.7373.

Checklist for submission of plans for commercial, industrial and multi-family development-new construction and additions can be found here.

- Rules and Regulations of the Safety Fire Commissioner, Chap. 120-3-3, Jan 07
- 2010 ADA Standards

GENERAL REQUIREMENTS FOR SITE AND ARCHITECTURAL PLANS

All plans must be released for construction, signed and sealed by a Georgia registered architect or engineer on all pages (as appropriate).

All buildings described in these plans shall be designed in compliance with the current applicable codes along with revisions and amendments.

All plans and specifications should be submitted through ePlan Solutions, Inc.

If a new business will require a food service permit contact the Whitfield County Environmental Health Office (706-272-2005). An application is required and plans must be submitted for review and approval prior to beginning construction.
Site Plan

1. Property survey.
2. Grading and civil engineering plans.
3. Show complete boundaries and topography.
4. Show locations of all buildings, driveways and all other proposed improvements to be constructed including fences, walls, retaining walls, accessory buildings, etc.
5. Fire apparatus access roads and hydrant locations.
6. Indicate zoning district.
7. Show parking required and provided.
8. Show dimensions from the property lines to the building and required setbacks.
9. Indicate any existing 100-year floodplain, floodway limits and elevations, waters of the state, wetlands, etc.
10. Indicate any existing easements and their dimensions.
11. Tree planting and landscaping. (City of Dalton)

Architectural/ Engineering Plans

1. Indicate name, address and phone number of project designer(s) of record.
2. Indicate street address for all buildings or structures.
3. List applicable codes used.
4. Provide drawing index.
5. Occupancy classification.
6. Occupant load.
7. Type of construction.
8. Sprinkled/ nonsprinkled.
9. Building area in square feet. Area modifications.
11. Number of stories.
12. Basis of structural design per IBC chapter 16.
13. Statement of special inspections per IBC chapter 17.

The project plans should also include drawings and documentation detailing:

1. Mixed occupancies.
2. Incidental uses.
3. Fire rated assemblies.
4. Fire protection.
6. Accessibility.
REQUEST FOR ELECTRIC SERVICE

There are three electrical suppliers located in Whitfield County, each provider is bound by the Georgia Territorial Act to a specific geographical service area. Depending on the location of your development, you will need to contact either Dalton Utilities, North Georgia EMC or Georgia Power to discuss your electrical needs. To assist you with which power provider you should contact, please refer to the following link to a territorial boundary map for Whitfield County at www.territorialmapxxxxxxxxx(get this created).

It is important to note that for large electrical loads in excess of 900kW connected load, the customer may select the electrical provider of their choice.

DALTON UTILITIES

All applications for temporary or permanent electrical service must be made in person at Dalton Utilities Customer Service Department located at 1200 V.D. Parrott, Jr. Parkway. It would be very helpful and would expedite the application process if the developer could provide the requested information on the attached checklist.

NORTH GEORGIA EMC

Application for service can be made online at www.ngemc.com or in person at our Dalton office located at 1850 Cleveland Highway. Please click here for additional information regarding your commercial or industrial account.

GEORGIA POWER

Applications for temporary or permanent electrical service must be made by calling our Business Call Center at 1-888-655-5888. Our local business office is located at 1289 Abutment Road in Dalton for other customer service needs. Additional information about rates, energy efficiency & other services can be found here.

City of Dalton & Whitfield County Fire Departments

Plan Submittal Requirements for Plan Review and Approval

- All new buildings and site plans for all occupancies/uses.
- Improvements to existing buildings and facilities.
- Security bars & grills.
- Electronic ingress/egress door locking security systems.
- All buildings with automatic sprinklers, standpipes or hose cabinets.
- Spray booths and rooms.
- Chemical extinguishing systems (hood systems, Halon, Co2, etc.).
- Water extinguishing systems (underground fire line, sprinklers, standpipes, etc.).
- Private fire hydrant installation.
- Storage racks and all high pile stock (height depends on commodity class.) Plan review includes smoke vents, draft curtains, Fire Department access, exiting, and fire sprinkler system design.
- High rise structures and life safety systems.
- High pressure/low pressure gas systems including medical gases.
- Industrial and commercial ovens and kilns.
- Places of assembly.
- Occupancies using mechanical refrigeration (not air conditioning).
- Fire alarm systems.
- Dust collection systems.
- Hazardous materials storage including aerosols, fumigants, pesticides, explosives, etc.
- Fireworks stands.
- Circuses, carnivals, and specific events.
- Re-roofing repairs that alter skylights, access ways, roof hatches, etc., except occupancies.
- Interior lot fences, gates, block walls on commercial property.
- Walk-in freezer, refrigerator or storage box.
- Underground storage tanks and system piping.
- Above ground storage tanks and system piping.
- Parking lot layouts. Plan review includes fire lanes.
- Any other improvement the Building Official feels would warrant a Fire Department plan check.
- Photovoltaic Systems (Solar Panels).
Required Plans:

- Complete Site Plan
- Complete Civil Plans
- Complete Architectural Plans
- Occupancy Classification
- Complete Floor Plan
- Complete Structural Plans to include Foundation, Floor, and Roof Framing and all details.
- Electrical Floor Plan including emergency lighting in means of egress.
- Fire Department Maintenance Plan
- Mechanical Plan
- Plumbing Plan

The intent of this document is to serve as a starting point on the construction process.
